## MEMORANDUM

---

---

**TO:** Employees of Cohu, Inc. Companies  
**FROM:** J. A. Donahue  
**DATE:** January 24, 2005  
**SUBJECT:** Tsunami Relief Contributions

---

---

I'm pleased to announce that employees of Cohu companies have donated \$8,634 towards tsunami relief. This amount will be matched and along with the Company's \$10,000 donation, brings our total contribution to \$27,268.

Two charity agencies have been selected to receive our donations, the Salvation Army and the Rescue Task Force. The Salvation Army has a well-established reputation for its work locally and worldwide. The Rescue Task Force, a San Diego non-profit organization founded in 1988, provides assistance to victims of disasters throughout the world. This organization has been recognized for its charitable contributions and works with an extremely low overhead cost compared to other similar organizations.

Thank you for your generosity in supporting the tsunami relief efforts.

Sincerely,

Jim Donahue
